Example: A student who is enrolled as a new freshman in the Fall Semester 2004 and who was also enrolled as an undergraduate in the Fall Semester 2005 is reflected in the 78.7% continued enrollment figure above. Students admitted to the Graduate College at OSU are counted as graduated. Students admitted to the Center for Veterinary Health Sciences after their third year are also counted as graduated. This table includes Summer 2014 graduates.

In previous student profiles, all summer degrees were not applied to the proper year when calculating 4, 5 and 6-year graduation rates. These rates have been recalculated to include all summer degrees in appropriate years and will therefore differ from previous student profiles.

*Note:* The above table may be interpreted in this way: Of the 2,256 students enrolled in the College of Agricultural Sciences and Natural Resources in the Fall Semester 2013, 1,368 (60.6%) were enrolled in the same college in the Fall Semester 2014, 281 students (12.5%) were not enrolled at Oklahoma State University, 480 (21.3%) had graduated, and the remainder transferred to other colleges within OSU. This chart excludes concurrently enrolled high school students, special undergraduate students, and students whose enrollment was cancelled during the Fall 2013 Semester. Students are counted as graduated if they have enrolled in a graduate program at OSU. Percentages may not add to 100 due to rounding.

*Note:* Retention is defined as the percent of enrolled students of a fall semester who return for the following fall semester. Example: A student who is enrolled as a new transfer in the Fall Semester 2004 and who was also enrolled as an undergraduate in the Fall Semester 2005 is reflected in the 76.7% continued enrollment figure above. Students admitted to the Graduate College at OSU are counted as graduated. Students admitted to the Center for Veterinary Health Sciences after their third year are also counted as graduated. This table includes Summer 2014 graduates.

In previous student profiles, all summer degrees were not applied to the proper year when calculating 4, 5 and 6-year graduation rates. These rates have been recalculated to include all summer degrees in appropriate years and will therefore differ from previous student profiles.
